

# Heavy-Duty Label Counters and Counting Packages

**New!**

## Digital Reel-to-Reel Off-Line Counting Systems

### RRC-250 & RRC-330

The new **RRC-250** and **RRC-330 Reel-to-Reel Counter Systems** for opaque labels bring you maximum convenience in a self-contained table-top package. What's more, these models are priced to save you money compared to other Off-Line Counter Packages that use individual Rewinder, Counter and Unwinder Units. You can choose the Encoder Option if you need to make linear measurements as well as numeric label counts. The **RRC** models are an excellent, economical solution for your label counting needs.

Designed for all-day, every-day use, these **Reel-to-Reel Counters** are backed by LABELMATE's famous **3-Year Parts and Labor Limited Warranty**, assuring you trouble-free performance. (The Warranty Period for the Counter Module itself, the Power Supply and the Optional Encoder is One-Year.)

**RRC-250**

#### CONTROLS

- Power On-Off
- STOP / RUN
- Speed Adjust
- Preset Count
- Reset Count

**RRC-330-A**

#### KEY FEATURES & SPECIFICATIONS

- All Digital. No adjustment required for different label webs and opacity.
- Built-in 6-Digit Preset-Counter for opaque labels. Digital Controller for accurate and repeatable counts.
- Auto-Stop when Preset Count is reached or Out-of-Labels.
- There must be a gap between successive labels.
- "Wind-In" or "Wind-Out" to reverse facing of labels.
- Label width: Up to 6" (152-mm). Adjustable Label Guides help realign uneven label rolls.
- Rugged Construction. Universal 90-250V, 50-60Hz Power Supply.
- **RRC-250, RRC-330** and **RRC-330-A**: Standard 3" (76-mm) Unwind and Rewind Core Holders.
- **RRC-330-A**: 3" (76-mm) Unwind Core Holder & Adjustable 1" to 4" (25- to 100-mm) Rewind Core Holder.
- Rewind speed varies with roll diameter. Fin-style Unwind Core holder now standard. (Not shown)
